Education Icon

Mrs. Manjula K Ponda is an eminent name in the field of Education in the city of Bhopal. When India was going through the phase of dependence, illiteracy & women exploitation, at that time in the small, sleepy town of Bajana in Rajkot District of Gujarat, on 3rd March 1936 a girl was born who, in future, came to be known as Manjula. From her childhood, she was very intelligent, skillful & eloquent in speech. Her father Himmattal Akhali was a progressive gentleman and owned a private flying company. After completing her post-graduation in Arts from Nagpur, she got married to Mr. Kapil Ponda of Bhopal. The family today includes her son Sumeet, daughter-in-law Sejal and two grandsons Harshil & Yashraj. She later did her B. Ed. from Jabalpur University.

She started as a trainer for Hindustan Lever Limited in the cookery division. With the sole aim of helping the masses, she decided to spread the light of Education and took to teaching at St. Joseph's Convent, Akola and thereafter at St. Joseph's Convent, Bhopal. She also had a reassuring stint of teacher-cum-administrator at Shishu Vihar School, Bhopal.

In the year 1977, Mrs. Ponda decided to take a bigger step and started RED ROSE SCHOOL with a total strength of 35 students in a small apartment that served as their residence till six in the morning and after one in the afternoon. From day one, the philosophy of the School has been in believing that a child is the most prized possession of any human being and the same is entrusted to any School. The School is with her hard work and strong determination spreading the light of Education. Confidence of the parents in the name grew and today the School has turned out to be a blooming flower with three branches of RED ROSE SCHOOL at different locations at Berasia Road (where it was originally started), Karond (1999) and Bhopal's first and only International School which is also a premium CBSE School with all modern facilities for education at Lambakheda in Bhopal. RED ROSE SCHOOL is due to complete its 42nd session.

Mrs. Ponda's untiring efforts and an unquenched thirst for imparting quality education can easily be seen from her daily routine where in the early morning, she can be seen attending the morning assembly at one of the three branches and thereafter, taking keen interest in trying to find out ways to improve the techniques and methodology of education. She is also in the process of writing a book on the formative stages of a child and the role of a teacher during this period.

She has received numerous awards and scrolls of honour by noted organizations for her contribution to education. A few of them include the Shiksha Navratna Samman by School Today magazine, Ahindibhashi-Hindi Sewa Samman, Social Service award by the TB Association of M. P., etc..

Mrs. Ponda is also an active member of the Lions Club where in she has scaled numerous heights, The Rashtrabhasha Prachar Samiti, Bharatiya Vidya Bhawan, The Indian Red Cross Society, Shree Gujarati Samaaj, etc..

School Leader

"Education is not the learning of facts, it's rather the training of the mind to think." - Albert Einstein

Education has always been the most powerful weapon which one can use to change the world. No one can ever take it away from you.

Red Rose School has always been a pioneer

institution in the field of education in Central India. It imparts quality education to the students. This prestigious school has been establishing milestone achievements in different areas down the years; making education more vibrant to the students of the modern generation. A School is a vast laboratory for experimenting different teaching methodology, techniques and strategies for the development of the students. The young students' mind and emotions are moulded and balanced equally to become a useful and fruitful member of the society. At Red Rose School, creativity, innovations, difference of opinion, critical thinking and learning are given an equal platform. The students here are rightly guided and directed to achieve the goals of life. Red Rose School makes an effort to shoulder the responsibility of making its students better citizens. The school has been fostering the traditional cultural values of the country, making the nation a beautiful place to live in with humanity.

Today Education has become more challenging and ever changing. Education is not just preparation for life; education is life itself breaking boundaries of time and space. The daring students of today have many aspirations, anxieties and unsolved questions that have to be quenched by the smart teachers of today by blending the modern technology in the teaching-learning pedagogy. The risk-seeking students of today want newness everyday in life; specially in the areas of learning, experimenting, creativity and innovations. Today the traditional teaching-learning methodology has totally taken a back seat. Access to the internet facility makes it easier for the students to seek information. These virtual manipulative systems make education go beyond chalk and talk in a classroom. Hand gestures and lectures of a teacher have been replaced by projectors, presentations and smart classes. If Education is about knowledge and intellectual skills, then Information technology is at the heart of it all. We are at the threshold of transition from traditional to modern technology of education. Therefore the educational institutions of today have an added responsibility and should have a broader vision of education; epitomize strength, ingenuity, knowledge, foresight and drive the growth of the educational services with vision and inspiration. The teachers and students of today have a crucial role to perform, where everyone has to toil hard to make this world a better living place. Red Rose School shall always shine as a flagship to all for the multifaceted role it performs.

GAME ON!

Bhopal's 1st & ONLY Sports School

THE IMPORTANCE OF SPORTS IN A SCHOOL

The importance of sports and games in a school encompasses more than just the benefit of physical activity. It increases self-esteem and mental alertness, making a student sharp and gives him/her the edge. Therefore, sports are an integral part of any student's life. "All work and no play makes Jack a dull boy". The benefits of playing sports are multiple and it leads to a balanced mental and physical growth. All the experiences and habits a student gets while playing are very useful and come in handy in the adult life.

RED ROSE LAMBAKHEDA AS A SPORTS SCHOOL

Red Rose School Lambakheda believes that it can change the general notion doing rounds in the country that sports has no future. As days pass by, more and more opportunities rise in the field of sports wherein passionate and dedicated people can get in and make a mark for themselves. This field promises to give more than any other field can even offer in today's scenario. It can be fame, money, a good lifestyle or whatever that one can dream of.

In September 2018, the school got an opportunity from the CBSE, to host The CBSE West Zone Taekwondo tournament (2500 participants) as well as The CBSE Cluster XII Kho-Kho tournament (1800 participants). Both of which the School was able to conduct within 10 days in a systematic and an ingenious manner, without any hassles and that is an incredible achievement, which was hailed by the officials of the CBSE sports department as well.

To top it off, Red Rose School, Lambakheda also won the Overall Championship in the West Zone Taekwondo tournament that brought many laurels and led to the idea of transforming into Bhopal's 1st Sports School. The concept behind this is to create a niche in which the focus will be on enriching the schooling experience for its students, keeping in mind the educational missions of the school and expectations of the parents. The Management at

Red Rose, believes that the focus shouldn't be only on academic excellence but rather we should widen our students' horizons by evolving them in all areas and ensure their competency in the paths they choose to tread in the future. Becoming a Sports School would aid our philosophy of 'Creating Future Prospects' by imparting our students with the significance of fair play, sportsmanship, leadership, management, teamwork, respecting others, winning and losing with grace, having patience, importance of health, becoming self reliant, etc. Playing and excelling in sports also teaches students the importance of hard work, perseverance, learning from failure, and importance of grasping opportunities.

The School already has a massive infrastructure for outdoor games like Cricket, Football, Volleyball, Hockey and Athletics. Special courts are also available for games like Badminton, Taekwondo, Judo, Skating and Basketball. Indoor games on offer include Table Tennis, Chess, Billiards, Carrom, etc. The students in our school also enjoy a huge swimming pool. Apart from this the school will also soon offer avenues for games like Boxing, Gymnastics, Weight Lifting and many more.

THE RED ROSE EDGE

"Excellence is not a skill it is an Attitude" – Ralph Marston. It is a quality which is unusually good and so surpasses ordinary standards. Excellence is about doing your best... and every day we keep reminding ourselves, at Red Rose School, of how important it is to strive for excellence, be it in studies, activities or life as a human. By nurturing a culture of excellence within our institution, we open the path to success. The Attitude of doing the best possible in every tiny bit of act and in every surmounting task is the differentiating edge at Red Rose School.

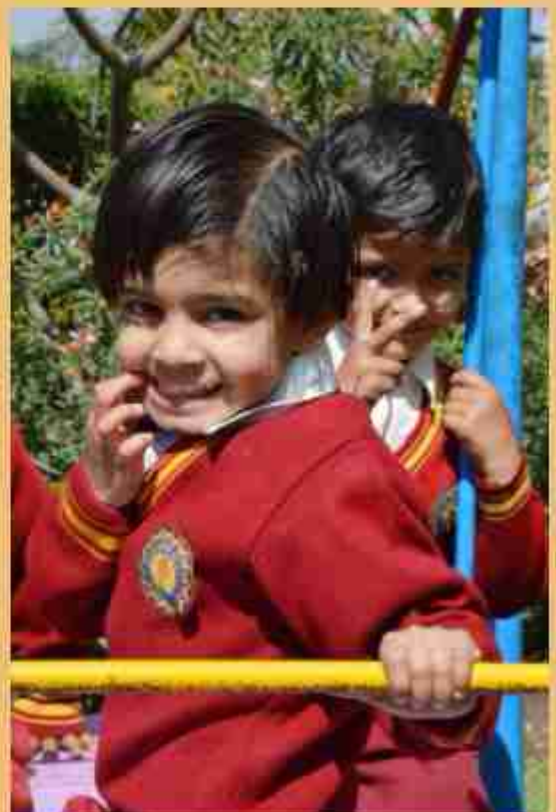

Happiness is the synonym for success. Parents seek for their children to be successful and this leads to happiness throughout. We teach the children to develop a capacity for unhappiness; empathy, self awareness and sensitise them to the suffering of others; developing a willingness in them to alleviate the ailments in our society to be truly happy. We contribute to nurture the character development, interpersonal growth, collaboration and cooperation with focus on intra competition in exerting to excel self, finding work that one loves and participating in a democratic way of life. We explore and make efforts to proffer the school and classrooms as cheerful places, with bustling activities, echoing laughter and squeals of joy.

Worldly-Smart

A bridge to the world ...the 'World' of work, university or education, in any corner of the Globe.. is what we build for our children, at The Red Rose Group of Schools. We provide our children with strong pathways to success.

Learners at Red Rose learn much more than just the formal curriculum, they earn a broader perspective of life and get ready to take on the World in a constructive style with a greater amount of ease. Red Rose Schools provide a dynamic platform for learning and achievements.

RED ROSE SCHOOL

Berasia Road, Bhopal

Affiliated to CBSE, Delhi

EXCELLENCE PREVAILS

We Create Future Prospects

Our principle goal is to create Global citizens who are INNOVATORS, not mere repeaters; who are CREATORS, not mere users; who are CRITICAL THINKERS, not mere crammers; who are LEADERS, not mere followers; who are WORLDLY SMART, not mere book worms; who are EDUCATED, not mere content literate.

Selecting the right School for your child is the most vital question you are faced with, as Education is a lasting experience, which parents can provide for their children to develop the individual as a potentially actualised human equipped with appropriate skills and attitudes to be an effective, accomplished and a happy global citizen, in this fast changing, competitive and demanding global society. School, eventually chosen, exerts a tremendous influence on emotional and intellectual growth, career plans and life of the child.

Nothing short of an excellent life is what every child deserves and every parent strives to provide. Nothing short of excellent education and grooming for life is what every Red Rose student deserves and every member of this institution strives to provide. We keep our hands on the present and our eye on the future, we keep our focus on every individual and we envision global scenario and positioning. We build the foundation solid and create future prospects par excellence.

RED ROSE GROUP

Since 1977

Created in July, 1977, Red Rose School, Berasia Road, Bhopal is an established institution with its characteristic strength of thoroughness, discipline and dedicated attitude to work and is managed by the Red Rose Kindergarten Society. The CBSE affiliated premier School at Lambakheda is an effort in bringing about the abstract of 40 years of solid educational experience that the Group has. The School also enjoys the unique distinction of being the only International School in the city by virtue of its affiliation to the University of Cambridge, UK. Its other associate is managed by All Roses Education Society (Red Rose School, Karond). A bridge to the world is what we can offer you at the Red Rose Group of Schools, whether that 'World' is one of work, university or education in another corner of the Globe. We provide your children with a pathway to

success. Quality Education is positively an asset to children in the modern world. This cutting edge serves our students well, as they prepare for a place in business or in any profession, where issues of the modern day are encountered more and more in the tough competitive World.

A trusted brand in
Education
for Generations

The Smart School

SALIENT FEATURES

Learning Environment and Location

- The site of the School is in sylvan surroundings of Bhopal just within its municipal limits. Situated on the State Highway to Berasia, the surrounding ambience adds to its natural beauty. Distance from the city and its pollution, convenience of public transport are the added advantages.
- Red Rose School is ideally located, away from the hustle and bustle of the city, in a serene ambience conducive to studies and joyful learning. The beautifully landscaped gardens are a perfect setting for this temple of learning. Vast open spaces give a feeling of 'openness' to both mind and body.
- Well designed class rooms with layout facilitating warmth and interactive sessions to induce thinking and reasoning abilities in students.
- Digital Learning facility to match the steps of technology and information revolution of 21st century, creating smart students with Smart classes for all grades and content. **BHOPAL'S FIRST REALLY SMART SCHOOL!** The digital revolution has hit Red Rose Lambakheda as never before! The first School to introduce the concept of Smart Class, Red Rose Lambakheda has made this possible with the educational session since 2009-10. The School has trained teachers to interact with students with interactive digital boards, LCDs and high quality surround sound. Specialised software assist in covering the CBSE syllabus. These softwares are user-friendly and geared up to facilitate course changes in the future too. This technology has become an integral part of a teacher's life inside the class-room in Red Rose School, Lambakheda. The content available in the Smart Class consists of pedagogically sound and visually rich curriculum, providing 3 dimensional pictures, to enhance the creativity and imagination of the students.
- Efficient Computer labs with advanced Dual Core PCs with multimedia having coloured monitors connected via LAN & Wi-Fi.
- Well-stocked Library with specific reading campaign to inculcate the habit of good reading and enhancing the ideas.
- Well-equipped laboratories for Physics, Chemistry, Biology, Mathematics and Social Sciences to facilitate empirical studies.
- Enriched environment and dynamic platform to develop the students' talent in sports, music, arts, culture, speech, writing & communication skills through specific programmes, competitions and participation opportunities.
- Excursions and educational tours to take Education beyond class-rooms.
- Special efforts are made to ensure that our students become true Nationalists.

REAL EDUCATION IS BEYOND BOOKS

In order to provide students the opportunity to explore their capabilities and to boost their morale, a kaleidoscope of activities through clubs are conducted. Besides, Inter-house and Inter-school competitions in various fields like Digital Story Telling, Website Creation, Video Magazine Development, Cyber 'Cymphony, Heritage Quiz, Jazz Euphoria... to name a few, ensure that the students' talents are nurtured on a continuous basis.

Thus, through child-centric education, Red Rose School is grooming the students intellectually, physically, emotionally, morally & socially.... children with holistic personalities who are ready to be sensitive global citizens of a digital world.

Co-curricular activities play a major role in the training imparted at the School. They provide impetus for the development of the students' creative faculties, talent and skill. The students learn by doing and participating in these activities, according to their aptitudes and areas of interest. All the students are expected to take part in some of these activities. These include:

•Theatrics •Music •Painting •Yoga •Craft Creations •Taekwondo •Art Design •Film Making •Scouts and Guides •Band •Dance-Indian and Western •Orchestra

Scouting brings in discipline.
Band brings in coordination.

Gold Winning students of Red Rose School, Lambakheda, Bhopal with noted film maker Mr. Subhash Ghai at the National Youth Film Festival in Goa.

Visits to historical places and community services are a regular part of our curriculum.

THE HOUSE SYSTEM & SCHOOL CABINET

The School is divided into four houses, viz., Jyoti, Pragati, Shakti and Kirti. Each House, in turn, has its Sub-Junior, Junior, Intermediates, Sub-Senior and Senior segments. Each segment is under the charge of a House Master/Mistress with attached tutors. A healthy spirit of competition exists amongst the Houses. Trophies and individual prizes are awarded on merit.

STAFF AND TEACHING FACULTY

A Teacher plays the role of an educator, friend and guide who mentors the student and develops the skills to the fullest extent.

The School has a qualified and experienced group of teachers who take keen interest in the all round development of the Child's personality and have an aptitude for teaching. With skilled Physical Education Teachers, Art and Music Trainers and Librarian, the aesthetic skills of the students are honed and sharpened. Special efforts are also made for training the teachers in latest pedagogy by organising capacity building programmes from time-to-time. Resource persons excelling in diverse fields have been employed by the School who train teachers and update them with the latest happenings and evolutions in the field of Education.

Envisioned as a future ready school, the most precious and eternal task at Red Rose is to cultivate children, so as to prepare them for the future.

In tune with this, the school offers a progressive learning environment which fosters excellence creative and critical thinking among the learners. An Interactive academic environment which combines fun learning, is offered at Red Rose School, Lambakheda. A spectrum of academic activities are also conducted in order to meet the needs of varied student interests, abilities and learning styles.

ENGLISH SPEAKING

With a view to increase conversing power of the students in English, in the classes as well as outside, teachers regularly converse with the students in English. Students are also prompted to present G.K. talk, thoughts, read news paper headlines, etc. in English in the morning assembly.

COVERING EVERY ASPECT OF EDUCATION

Music Room

A Music Room with a variety of musical instruments, is a place of great joy for the students, who take full advantage of the class conducted and learn to play the instruments of their liking.

Art and Craft Room

Fine Arts are paid special attention to, and qualified teachers train young children in the intricacies of drawing, painting, sketching, craft and wood work.

Communication with Parents

To inform the parents of School activities, frequent notifications- through messages and print are sent to the parents from the Principal, every month. Parents-to-School Day is arranged after each examination to discuss the difficulties of the students with their parents and remedial actions are then suggested based on the analysis of the students' performance.

Sonnet- The Auditorium

Very few Schools in Bhopal can boast of a modern, facility-packed, high-tech Auditorium. Red Rose Lambakheda has a huge Auditorium with a capacity to seat more than 800 people. Acoustically insulated for a clear, crisp sound, special light-effects and complete stage equipment, the Auditorium is an architectural marvel. It caters to all performing arts at the educational level.

Own Fleet of Buses

The School has a fleet of NEW, Self-owned Buses meeting the specifications on security laid down by the Supreme Court. The buses have all the required safety features and are also fitted with GPS system and CCTV Cameras so that the exact location of the bus can be ascertained. The Bus facility is available at a nominal cost.

Career Counselling

The leisure hours of the students are utilised in useful discussion on employment & entrepreneurship opportunities so as to enable them to choose subjects of their choice and make preparations accordingly looking at the availability of various avenues in the country and overseas.

COVERING EVERY ASPECT OF EDUCATION

Annual Concert and Sports Meet

Annual Concert and Sports Meet in the School is organised every alternate year. The functions are attended by a large gathering of parents, students, local citizens with renowned celebrities being invited as distinguished guests. Colourful, creative and educational cultural presentations are done by the students of the School. These functions develop the students' self-confidence and affinity for their Alma Mater.

Sensitising Children

Red Rose Lambakheda has also been designed to impart high quality education in English Medium with 'Sanskaras' based on Indian culture integrated with human values and Nationalism. It furthers the Red Rose philosophy of education.

A complete education means education of the whole person. It is more than mere sharpening of intellectual abilities or strengthening of physical skills. It is a commitment over time to the process of learning, of being and becoming. The education pattern at Red Rose Schools has been inspired from the basics of character formation and the fact that a complete person can be a responsible citizen of the Nation. Red Rose makes complete human beings and only a complete Human Being can be sensitive and useful to the Nation.

WE ARE A SCHOOL FOR THE FUTURE

Methodology of Education

CBSE - Affiliation

The School is affiliated up to the Senior Secondary level to the Central Board of Secondary Education, Delhi and the affiliation number is 1030156.

To the child, the World is full of mysteries and miracles. The child wants to play, sing, laugh, listen to stories, make drawings and watch objects by turning them around. Our child-centered education system provides:

- **Teaching according to the CBSE syllabi, as prescribed by NCERT, in English Medium.**
- **Emphasis on English as a medium of conversation.**
- **Useful knowledge of computer applications.**
- **Proper coaching in sports, games, PT, picture stories, children's songs.**
- **Lovable, respecting, fear-free, interactive and disciplined class environment.**
- **Opportunities to develop in natural surroundings.**
- **Understanding of Indian Culture through prayers, folk-songs, nursery rhymes, celebration of festivals, etc..**
- **Creativity enhancing activities.**
- **Enriching quality of life by covering morality, character, religion, patriotism, world brotherhood, respect, reverence to the saints & seers and devotion to the Almighty.**

YOU ARE SELECTING THE RIGHT SCHOOL

Procedure for Admission

Registration for admission to the School in various classes is open. However, direct admission is generally not awarded in Classes Xth and XIIth. Use of pressure on School authorities will automatically disqualify the candidate and the case will not be considered.

Nursery Classes: A simple application form with the details of the child and the parent(s).

Classes K.G.I to VIII: Admission from K.G.I till Class VIII will be given on the basis of a simple assessment through interaction with the parents by a team.

Classes IX onwards: A written test, as per the prescribed syllabi, will be taken followed by an informal interview. Only the students, who are eligible as per the performance of their previous classes, will be allowed to appear in the test in English medium. The test will be held in the main subjects i.e. English, Mathematics, Science and Hindi. It is compulsory for the students to get minimum passing marks in each subject. The test syllabus and the sample paper shall be provided at the time of submission of the admission forms. However, the School reserves every right to modify/ alter the subjects/ syllabus of the entrance test without prior information.

The School shall announce the dates of the test programme/interview. No compromise regarding change in the dates or programme will be made normally. However, requests in genuine cases, can be considered at the sole discretion of the Management and only one chance may be given thereafter.

Documents Required

Copy of the Birth Certificate, issued by Municipal Authorities, attested by a gazetted officer, will have to be submitted along with the admission form. Without proper birth certificate and latest coloured photograph, the forms will not be accepted. From classes 2nd onward, admissions will finally be granted on the production of Transfer Certificates from the head of the institution, duly counter-signed by authorised Education Authorities. The last date for submission of TCs is 31st July; a self-attested copy of the report card of the previous class passed must also accompany the TC.

SCHOOL TIMINGS

The School timings for various classes can be obtained from the School office. The School shall remain closed on every Sunday and Second Saturday of the month.

Prescribed class wise age limit for admission to the School is as follows:

Class	Age
Nursery	3 to 4 yrs.
K.G.I	4 to 5 yrs.
K.G.II	5 to 6 yrs.
Std.I	6 to 7 yrs.

The maximum strength of students in each section is as under:

Class	Strength
Nursery	25-30
K.G.I & K.G.II	25-30
Std. I-V	30-35
Std. VI-XII	40-45

ADMISSION POLICY

It is our endeavor to admit students who are keen on imbibing the values envisaged in our mission statement. Quality Education is positively an asset to children in the modern world. This cutting edge serves our students well, as they prepare for a place in business or in any profession, where issues of the day are conquered more and more in a tough competitive World. At Red Rose Schools, children gain much more than just the formal curriculum, given to the reason that the pedagogy is based on constructivism and connectivism. They develop a broader perspective of the World and learn to take it on, in a positive manner with great degree of ease.

Complete education means education of the whole person. It is more than mere sharpening of intellectual abilities or strengthening of physical skills. It is commitment over time to the process of learning of being and becoming. We want our students to be aware of themselves and the World around them. We believe that getting an education also means learning to value good judgment, common sense and fair play.

The education pattern at Red Rose Schools has been inspired from the basics of character formation and the fact that a complete person can be a responsible citizen of the Nation.

We do not discriminate on the basis of religion, caste, sex or economic status. To maintain our quality of education, we restrict the class strength to a fixed number. This healthy teacher-to-students ratio helps every child get the individual attention he or she deserves.

Admission into Red Rose is based on the following factors:

- Entry point is Nursery and we accept maximum number of admissions for this class.
- Vacancies (KG I-IX & XI) sometimes arise due to withdrawal by students at the end of the academic year, owing to family transfers.
- Age appropriateness as per eligibility.

Parents wishing to apply to Red Rose School, Lambakheda need to complete the following steps:

- Arrange a visit to the School by setting an appointment with the admissions office
- Request for registration form from the School office
- Submit filled form along with the necessary attachments as mentioned

Eligibility

- Age limit for Nursery is 2 years and 6 months as on May 31st of the year of admission.
- Age limit for Class I is 5 years and 6 months as on May 31st of the year of admission.

Documents for submission

- Filled up registration form
- Copy of birth certificate/ Transfer certificate
- Report card of the last examination taken
- Two passport size photographs

HONORARY ADVISORY PANEL

KEEP EVOLVING

The biggest room is always the room for improvement. From Good to better to Best. What has been good for a considerable period of time will only become better. Better, in due course, will eventually strive to become the best. Red Rose Lambakheda is already a brand known for its unparalleled care of the toddlers that come to it. It has been in existence for almost a decade and a half now. A very small period when talk of building the character of an institution. It is now the flagship School of the four decades old Red Rose Group which is known for its emphasis on discipline and well-crafted academic approach of 'Education beyond Books.'

Our philosophy that the true success of a student can never be defined by the marks on the report-card, has created for us a unique place in the educational arena of Bhopal. We do not believe that a student must be loaded with expectations and his/her growth limited. The present day World order focuses very less on conventional academics imparted through dinosaurian means and evaluated through old methods which enhance rote learning. The new World and the kind of avenues that it has to offer for respectable livelihood that breeds excellence has very limited scope for conservative, orthodox and predictable methods of learning. We believe that the child has to be future-ready and for him or her to be future-ready, we must not limit or define the scope of learning. Definition limits! Red Rose Group in general and Red Rose Lambakheda, in particular, are flag-bearers for this revolution.

Mr. Sumeet Ponda
Chairman
The Red Rose Group

Our class-rooms and the seating arrangements are not of the older days. The walls are coloured not in white. We did away with old black-boards long ago and the white and green boards that replaced them are now assisted and complemented by modern smart classes. As the first School in Bhopal to resort to this concept, we are proud to proclaim our Smart Class usage in among the top Schools in MP and Chhattisgarh combined. Needless to say that our labs are fully equipped with all that is needed for testing the theory taught in the classrooms. The green and pollution-free environment of the School ensures that our students get to breathe the best and pure oxygen. The trees on the confines and shrubs in all vacant places not only balance the flora and fauna of the whole campus but enhance its looks by miles and become a learning ground for our students who, this way, get sensitised with the green side of the World.

The display boards in the corridors speak volumes about the spark of creativity that we ignite in our students. Speaking of English is appreciated because of its Universal acceptance but equal importance is attached to Hindi, Sanskrit and Urdu as accepted means of interaction among the students and teachers. We take pride in the huge variety of languages that our Nation has to offer. However, we appreciate the importance of a human teacher and attach due weightage to a near-perfect blend of experience and youth in our teachers who, we ensure, welcome the students with a smile. The teachers here are more of a genuine well-wisher to the students and they are attuned to behave like an elder sibling so that they connect better with the students.

Most of our teachers are tech-savvy and whatsapp is an accepted and fast means of communication with the parents. The clutter-free website of the School can be checked for important communication and our facebook page details and showcases all the innovative teaching-friendly activities taken up by the teachers of the School. The youtube channel of the School brings the School alive in motion for you all to see in real time.

The security of your children is of prime importance to us. All our buses have been equipped with the latest GPS systems and video cameras. They are fit and tested as per the guidelines drawn up by the Honourable Supreme Court. The corridors and public areas in the School are wired and record every minute movement. We have intentionally not put cameras in the classrooms in order to not limit the innocent pranks that complete any child. We like to see our children grow without bounds.

We strongly believe that only a sensitive human being is a complete human being and that is the reason we appreciate community services by our students under the leadership of our teachers.

We believe that we are a better School and we are committed towards it. Remember that only a better School can craft a better human being.

A handwritten signature in blue ink, appearing to read 'Sumeet Ponda', with a stylized flourish at the end.
